

OsmoNITB - Bug #1604

Easier / more direct SIP integration

02/23/2016 03:57 PM - laforge

Status: Closed	Start date: 03/22/2016
Priority: Normal	Due date:
Assignee: zecke	% Done: 100%
Category:	
Target version:	
Spec Reference:	
Description The MNCC interface in OsmoNITB is not specifically tied to LCR, but LCR is so far the only program that implements it. Many people just want a simple bridge to SIP without the complexity and power introduced by a soft switch like LCR. It would definitely make sense to have a thin MNCC-to-SIP bridge to reduce the complexity of said setups.	
Subtasks:	
Feature # 1680: osmo-sip-connector: Add show VTY commands	Resolved
Feature # 1681: osmo-sip-connector: Make it configurable to receive and place calls usi...	Closed
Feature # 1682: osmo-sip-connector: Add better cause handling	Resolved
Bug # 1684: osmo-sip-connector: Create manual for the osmo-sip-connector	Resolved
