

libosmocoore - Feature #2186

split libosmocrypto

04/25/2017 02:23 PM - msuraev

Status: New	Start date: 04/25/2017
Priority: Low	Due date:
Assignee:	% Done: 0%
Category:	
Target version:	
Spec Reference:	
Description At latest OsmoDevCon it was decided that we should split all the crypto-related functions into separate library from libosmocoore. This would allow us to replace copy-pasted aes implementation with proper external dependency without adding extra dependencies to all the projects using libosmocoore. Note: name is subject to change.
