

## OsmoNITB - Bug #28

### Old siemens phones cannot make voice calls (04.08 channel mode)

02/19/2016 10:47 PM - laforge

<b>Status:</b> New	<b>Start date:</b>
<b>Priority:</b> Low	<b>Due date:</b>

<b>Category:</b>	
<b>Target version:</b>	
<b>Spec Reference:</b>	
<b>Description</b>	
Some older Siemens phones, notably the S11, implicitly reject the 04.08 CHANNEL MODE MODIFY from signalling to VOICE mode, thus all voice calls fail.	
Either they do not support very early assignment, or we are sending the mode modify a bit too soon for their state machines.
