<b>Description</b>			
We plan to test osmo-msc with TTCN3 as well. In Preparation of this we have to collect Ideas for test-cases.			

#### History

##### #1 - 01/08/2018 08:48 PM - dexter

- File *msc\_tests.txt* added
- Tracker changed from *Bug* to *Feature*
- Status changed from *New* to *In Progress*

I have collected a series of test scenarios which I think are useful to pinpoint problems with the MSC early. In the current form the test focus on the A-Interface and the MGCP interface, which is not sufficient. We also have create similar scenarios for the GSUP and MNCC.

##### #2 - 01/24/2018 12:11 PM - laforge

- Status changed from *In Progress* to *Closed*

Moved to the wiki at [Automatic\\_Testing](#) which is more suitable for collaborative editing than a txt attachment in a ticket.
