

Osmocom.org Servers - Bug #3736

sporadic segmentation faults on jenkins build slave

12/16/2018 04:05 PM - neels

| | | | |
|--|-------------|--------------------|------------|
| Status: | In Progress | Start date: | 12/16/2018 |
| Priority: | Normal | Due date: | |
| Assignee: | | % Done: | 0% |
| Category: | | | |
| Target version: | | | |
| Spec Reference: | | | |
| Description | | | |
| every now and then, building various master jobs sporadically fail for no apparent reason, often with segfault. Keep track of these, and try to find a reason. | | | |
