

OsmoNITB - Bug #38

subscr_update should sync database before dispatching the signal

02/19/2016 10:47 PM - zecke2

Status: New	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	
Target version:	
Spec Reference:	
Description	
The subscr_update routine should synchronize the database before dispatching the signal. Right now the db code to find unset SMS will fail if a given subscriber is not attached and then re-attaches to the network.
