

SIMtrace 2 - Bug #3815

simtrace2 fails USB-IF CH9 test

02/23/2019 03:10 PM - laforge

Status:	New	Start date:	02/23/2019
Priority:	Normal	Due date:

Category:	firmware		
Target version:			
Description			
When running the Chapter9 tests of the USB IF against a simtrace2 device, they fail. The test claims SET_CONFIGURATION is failing, which is quite odd.
