

OsmoMSC - Bug #3829

osmo-msc expects aoip TLV in Assignment Complete messages from BSC

03/07/2019 05:50 PM - tnt

Status:	New	Start date:	03/07/2019
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:			
Target version:			
Resolution:		Spec Reference:	
Description			
That TLV shouldn't be expected if the channel is signaling only.			

History

#1 - 03/07/2019 08:30 PM - laforge

... also, it should only be expected **iff** the A interface dialect is actually AoIP and not e.g. SCCPlite. Not sure if that's the case.
