

OsmoBSC - Bug #3865

nanoBTS: GPRS not working anymore, modems unable to attach in osmo-gsm-tester

03/27/2019 02:48 PM - pespin

Status: New	Start date: 03/27/2019
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: ip.access BTS	
Target version:	
Spec Reference:	
Description Bug seems to be specific to nanoBTS only. MS register fine but always fail to attach when using a nanoBTS. osmo-sgsn pcap file shows no attach being sent from nanoBTS to it. Test has been failing at least from February 2. There are no previous records for the tests.
