

IMSI Pseudonymization - Feature #4493

Specification: Cover 2G, 3G and 4G separately

04/16/2020 08:47 AM - laforge

Status:	New	Start date:	04/16/2020
Priority:	Normal	Due date:	
Assignee:	neels	% Done:	0%
Category:	Specification		
Target version:			
Spec Reference:			
Description			
Right now, the spec is very 2G-centric. 3G is very similar in terms of MSC/HLR. But at least for 4G, we also should have a ladder diagram and related text.
