

Core testing infrastructure - Feature #4840

migrate osmo-gsm-tester docker images to registry.osmocom.org

11/02/2020 05:13 PM - laforge

Status: New	Start date: 11/02/2020
Priority: Low	Due date:
Assignee: pespin	% Done: 0%
Category:	
Target version:	
Spec Reference:	
Description As of #4839 , we now have registry.osmocom.org. Hence, it makes sense to stop using sysmocom infrastructure (registry.sysmocom.de) for osmo-gsm-tester image storage and migrate over. The same "docker login" credentials should work on registry.osmocom.org. Please make sure to notify laforge after the migration, so the old images can be deleted from registry.sysmocom.de
