

cellmgr-ng - Bug #1664

m3ua connection should make non-blocking connect

03/17/2016 10:37 AM - zecke

Status: Rejected	Start date: 03/17/2016
Priority: Normal	Due date:
Assignee: zecke	% Done: 0%
Category:	
Target version:	
Spec Reference:	
Description	
The M3UA connection is made but the connect may block. This is nothing we want	
<pre>connect(15, {sa_family=AF_INET, sin_port=htons(2905), sin_addr=inet_addr("A.B.C.D")}, 16</pre>	
There should already be examples for non-blocking connect.
