

OsmoMSC - Bug #2698

Add more tests to jenkins job testing osmo-msc against NG40tester

12/01/2017 12:36 PM - pespin

Status: New	Start date: 12/01/2017
Priority: High	Due date:

Category:	
Target version:	
Resolution:	
Description So far, in sysmocom's jenkins instance job (ng40-test-core-network), we only run 1 test which checks that LU works for 300 MS connecting to osmo-msc. We need to find a list of scenarios we want to test and implement them using NG40.

Before my notes on this get lost:

- Phone
- SMS
- Test Gb with changing PCU and check that PDP context still works (MO/MT data)
- luCS/luPS
 - GPRS user plane traffic with changing PCU
 - InterRAT mobility with CS + PS
