<b>Target version:</b>	
<b>Spec Reference:</b>	
<b>Description</b>	
<p>Python 2 is scheduled for complete deprecation by upstream in 2 years - <a href="https://pythonclock.org/">https://pythonclock.org/</a> We should migrate all remaining python 2 code to python 3.</p> <p>The code in osmo-python-tests is incompatible with both python 2 and 3 as of 2f266e0cec10e32db8781a8fb788b0432c33d6d9.</p> <p>This allows to migrate code which uses it (ctrl and vty tests) to python 3. Once there're no more python 2 code depending on osmo-python-tests, we can drop support for python 2 from osmo-python-tests.</p>
