

gr-osmosdr - Feature #3414

Include Airspy serial number in connection string.

07/24/2018 02:59 AM - dreinhold

Status:	New	Start date:	07/24/2018
Priority:	Normal	Due date:	
Assignee:	horiz0n	% Done:	0%
Category:			
Target version:			
Spec Reference:			
Description			
I was not sure where to post the updated code, so I pushed it to my github https://github.com/ScanOC/gr-osmosdr/commit/f2e8386cdf3d8cdbe72b7a0ecc4ed4310a5fbca2			

History

#1 - 07/24/2018 03:06 AM - dreinhold

- File 0426-Include-AirSpy-serial-in-connect-message.patch added

Attached is the git patch also.

#2 - 07/24/2018 04:52 AM - laforge

- Assignee set to horiz0n

the osmoccom-sdr mailing list would be the usual place to send patches to, but I've assigned this issue to the maintainer [horiz0n](#)
