

## OsmoMSC - Feature #3469

### Support for "service category" in emergency calls

08/17/2018 08:25 AM - laforge

<b>Status:</b> New	<b>Start date:</b> 08/17/2018
<b>Priority:</b> Low	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b> Call Control	
<b>Target version:</b>	
<b>Resolution:</b>	<b>Spec Reference:</b>
<b>Description</b> Right now, all emergency calls are routed to one specific MSISDN as configured in the VTY.  We should allow to configure one different phone number for each of the emergency service categories defined in "TS 24.008 10.5.4.33 Service category", such as police/ambulance/firebrigade/marineguard/mountainrescue.  This service category IE is an optional IE in the EMERGENCY SETUP message.
