

Cellular Network Infrastructure - Bug #3551

A few projects still set up .tarball-version incorrectly in debian/rules

09/13/2018 10:04 AM - pespin

Description	
From libosmo-sccp:	
<pre>commit c3b1f636c94c01bf190713e2d17e2ffdl1a58be9a Author: Harald Welte <laforge@gnumonks.org> Date: Mon Aug 6 11:12:33 2018 +0200 debian/rules: Don't overwrite .tarball-version The .tarball-version file should contain the *source version* uniquely identifying the git commit, and not the Debian package name. With https://gerrit.osmocom.org/#/c/osmo-ci/+10343/ there is a correct .tarball-version file in the .tar.xz of the nightly source packages. Change-Id: I620c96eb311be6fdd4187bdcc311ea893ad93614 Related: OS#3449</pre>
