

Osmocom.org Servers - Feature #3632

Feature # 3303 (New): migrate openmoko.org into "archive mode" and remove dedicated server for it

migrate downloads.openmoko.org

Target version:			
Spec Reference:			

Description

I've migrated this into a nginx docker container on 195.201.58.18.

I've verified it works using a manual /etc/hosts entry

All that's needed is an update to the DNS zones.
