

osmo-sip-connector - Bug #3763

Implement correct handling for call answered elsewhere

01/22/2019 01:03 PM - keith

Status: New	Start date: 01/22/2019
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	
Target version:	
Resolution:	Spec Reference:
Description A SIP originated bridged call may be answered elsewhere, then the SIP UA should CANCEL the leg to sip-connector with Reason: SIP;cause=200;text="Call completed elsewhere" We should handle this and signal the MS to not display a "missed call" note to self: Need to look up again where I read about this signalling.
