

OsmoGSMTester - Bug #3917

ofono: update debian packages to match our dependencies

04/11/2019 04:12 PM - lynxis

Status:	New	Start date:	04/11/2019
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:			
Target version:			
Spec Reference:			
Description			
our osmo-gsm-tester branch requires more dependencies as upstream. Fix the debian dependencies and add our files.

Hi [lynxis](#) I'm not sure what is7was this ticket about. It talks about "osmo-gsm-tester branch" so I suspect is something related to ofono? Do we have our own ofono debian package? Is this task about doing that?

#3 - 04/06/2020 11:30 AM - pespin

- Subject changed from update debian packages to match our dependencies to ofono: update debian packages to match our dependencies
