

OsmoMSC - Bug #3944

OsmoMSC doesn't respond to lu Reset

04/20/2019 07:13 PM - laforge

Status: Resolved	Start date: 04/20/2019
Priority: Normal	Due date:
Assignee: laforge	% Done: 100%
Category: luCS support	
Target version:	
Resolution:	
Description See iu_client.c:ranap_handle_cl_reset_req(): /* FIXME: send reset response */ I think I read that this may have been fixed by neels' MSC work in neels/ho, but I nevertheless did a quick fix for the existing iu_client.c code in order to test the TTCN-3 RANAP support that I've been working on.
