Category:	
Target version:	
Spec Reference:	
Description	
<p>In order to improve the wiki with pictures and to later on create documentation describing the various inter-connections etc., it would be great to have some useful quality pictures of the RBS6k equipment, that is (primarily) at this point:</p> <ul style="list-style-type: none">• RRUS• RUS• DUG20• DUL20• RBS6601 (2U rack) <p>Focus should be on</p> <ul style="list-style-type: none">• any kind of connectors (RF, E1, Ethernet, etc.)• any kind of LEDs / buttons• anything else that might be relevant to the user. <p>Please add the (basic cropped) pictures to the related wiki pages of the respective equipment here.</p>
