

OpenBSC - Bug #7

SMS switching

02/19/2016 10:47 PM - laforge

Status:	Closed	Start date:	
Priority:	High	Due date:	
Assignee:	laforge	% Done:	0%
Category:	OpenBSC	Spec Reference:	
Target version:	SMS		
Resolution:	fixed		
Description			
we can already receive and transmit SMS. What's missing is the connection between those two, i.e.			
<ul style="list-style-type: none">• store incoming SMS in a database• find out if target user is currently registered / pageable• try to page and deliver the SMS, mark it as delivered• once a user registers (location update / imsi attach), check and deliver any pending messages			

History

#1 - 08/08/2009 02:35 PM - laforge

- Status changed from New to In Progress

current git master (after the merge of the sms branch) has support for SUBMIT into the database, as well as DELIVER from the database to a MS.

#2 - 08/10/2009 03:55 PM - laforge

- Status changed from In Progress to Closed

- Resolution set to fixed
